## ***Ewing Bemiss & Co. Announces the Sale of Kansas City Landfill Gas, LLC***

**Richmond, Virginia** — April 9, 2008 *Ewing Bemiss & Co.* is pleased to announce that it represented Kansas City Landfill Gas, LLC (“KCLFG”) in the sale of its Johnson County Landfill Gas Project to Energy Investors Funds (“EIF”), an established fund manager that invests in the U.S. energy and electric power sector, and Enpower Corp. (“Enpower”), a California-based owner-operator of energy assets. The terms of the transaction were not disclosed.

Based in Kansas City, Kansas, KCLFG operates a landfill gas (“LFG”) collection system and LFG processing facility (collectively the “Project”) on the Johnson County Landfill that began operations in 2001. Southtex Treaters, LP, a Midland, Texas based gas processing equipment manufacturer and energy development company, designed and constructed the facility and provided operating and technical consulting to the Project. The Project converts LFG into pipeline quality natural gas (“high Btu” gas), which is then sold on the open market and to an industrial user located in close proximity.

*Ewing Bemiss & Co.* is an investment bank focused on delivering superior service and optimal results to middle market companies.
